Bord Oideachais agus Oiliúna
na Gaillimhe agus Ros Comáin
Galway and Roscommon
Education and Training Board

The school management is currently working with the Department of Education's guidelines to re-opening schools and we will communicate home new policy / plans as they are in place.

The changes to date include the following:

- Students will be classroom based- meaning the teachers will come to the students to reduce movement around the school. The exception being practical subjects whereby the practical teacher will collect the students from their base class and move to the relevant room.
- There will be definite seating plans in all rooms.
- Students will be required to wear face coverings and / or visors.
- There will be a strict movement plan in place for the entire school campus.
- There will be no access to lockers so it might be helpful for students to have a small, labelled plastic storage box in their base class where they can store their jacket, lunch etc.
- Access to the school grounds will be limited to staff and students only. Appointments must be made in advance and the relevant person will meet you at the school gate at the agreed time. Early collections should be arranged in advance if possible.
- Office hours are 10am - 2pm Monday to Thursday

All of these measures are being introduced to ensure social distancing is maintained.

“Our school exists to serve the educational needs of the community, to enhance student self-confidence, to promote life skills and attitudes which will enable students to live fulfilling lives.”

Príomhoide/Principal: Ms. Anne Maria Egan. Leas-Phríomhoide/Deputy Principal: Mrs. Marie Lee
